

VTCSOM Faculty Orientation 2023 Schedule

All VTCSOM faculty members must complete a New Faculty Orientation session within six months of receiving their appointment. The goal of this experience is to introduce the candidate to the academic mission of the medical school and provide information about the resources available to them.

Sessions occur once per month either at VTCSOM (2 Riverside Circle, Roanoke, VA 24016) or via Zoom. Faculty must submit their initial appointment paperwork prior to attending an orientation session. A session sign-up link will be sent with the faculty member's Letter of Appointment.
