Radiology	Evelyn M. Garcia, M.D.
Surgery	Michael S. Nussbaum, M.D., F.A.C.S.

Department of Biomedical Sciences

Chair – Renee LeClair, Ph.D.

The mission of the Department of Biological Science is to provide a productive educational atmosphere for the students of VTCSOM. The Department of Biological Science coordinates all instruction in the basic science disciplines: Anatomy, Physiology, Immunology, Biochemistry, Pathology, Microbiology, Virology, Genetics, Histology, Pharmacology, Nutrition, Biostatistics, and Neuroscience.

Interprofessionalism Department

Chair – Nathaniel L. Bishop, D. Min.

The Interprofessionalism Department provides a productive educational atmosphere and academic home for the faculty of VTCSOM, drawn from multiple traditional departments, and other institutions and universities, to develop, implement and continually improve the Interprofessionalism curriculum.
