CRIMINAL BACKGROUND CHECK

VTC performs a criminal background check on all applicants who are accepted to matriculate at VTCSOM. The results of this background check may affect the student’s eligibility to enter the program.

Students are expected to self-report any arrests and/or convictions to the Senior Dean for Student Affairs at the time they occur. Discovery of the student’s failure to do would be considered unprofessional conduct and could result in a referral to the MSPPC for a student disciplinary hearing under the conditions outlined in the “Violations of the Honor Code, Attributes of Professionalism and/or Teacher-Learner Compact” Policy.
